Foreword

In spite of the pitch and turmoil of increased war activities, American high schools are turning out future citizens who know the meaning of teamwork and responsibility. The 1944 "Cehisean" endeavors to show how Central students have worked and played together in preparation for the responsibilities that await them in the future.

Dear Harriet

Well, I guess you'd say
our friendship started
at the good old Parkside
cause that's where I first
saw you. Now even
don't go there but I
hope I'll still be seeing

Dear Dunc,

Well, cutie, here it is almost
houseparty time. You're going,

We'll find something interesting
or exciting to do. (ah-huh)
It's been really swell
knowing you, even though
I haven't seen you much.
We'll get better acquainted
on the H.P. as I said before.
Lots of luck - you'll probably
need it if you even want to get

The Class of 1944 entered Central in the fall of the fateful year of 1941. As carefree sophomores, the tremendous events that shook the world touched us little. Our world remained stable. As juniors we began to realize we were living in critical times. We felt the need for teamwork and for friends to carry on that teamwork. We found such a friend in Miss Lillian Fitch, our class advisor. Because of her good will, her cheerfulness, and her guidance, we dedicate the 1944 CEHISEAN to her with our sincere appreciation.

Our Principal's Message

THE CEHISEAN has, as usual, made a very happy choice in its selection of this year's theme.

Never in the history of mankind have co-operation, team play, and unified effort been so necessary, nor have they had to operate over so large a space of time and global area. Every successful project carried out on the home front evinces the same necessity.

Team play began the first time one of our cave-dwelling ancestors went to the aid of his relative or his neighbor against an enemy or beast of prey. Their successful defense taught them the value of co-operative effort as opposed to lone-wolf isolation. The idea has expanded in thousands of ways. Almost everyone understands its meaning and practices it from time to time. The wonder is that, knowing its advantages, we do not all do 100% all of the time.

We agree, without argument, that any successful organization or procedure owes its success primarily to teamwork all down the line. If the black market is smashed, if rationing is a success, if inflation is staved off, it will be due largely to the co-operative effort of right thinking, patriotic citizens.

The same rule applies to life as we live it together in Central. It is the basic principle in the successful operation of athletic teams, clubs, class organizations, publications, etc., etc. The lack of co-operation soon makes itself felt even in the hallways or the lunch room. School spirit, morale in all its phases and connotations are rooted and grounded in team play.

We congratulate THE CEHISEAN upon its choice of theme.

Dear Harry,

Well, glad here we are in good old art class again. Ah was!!

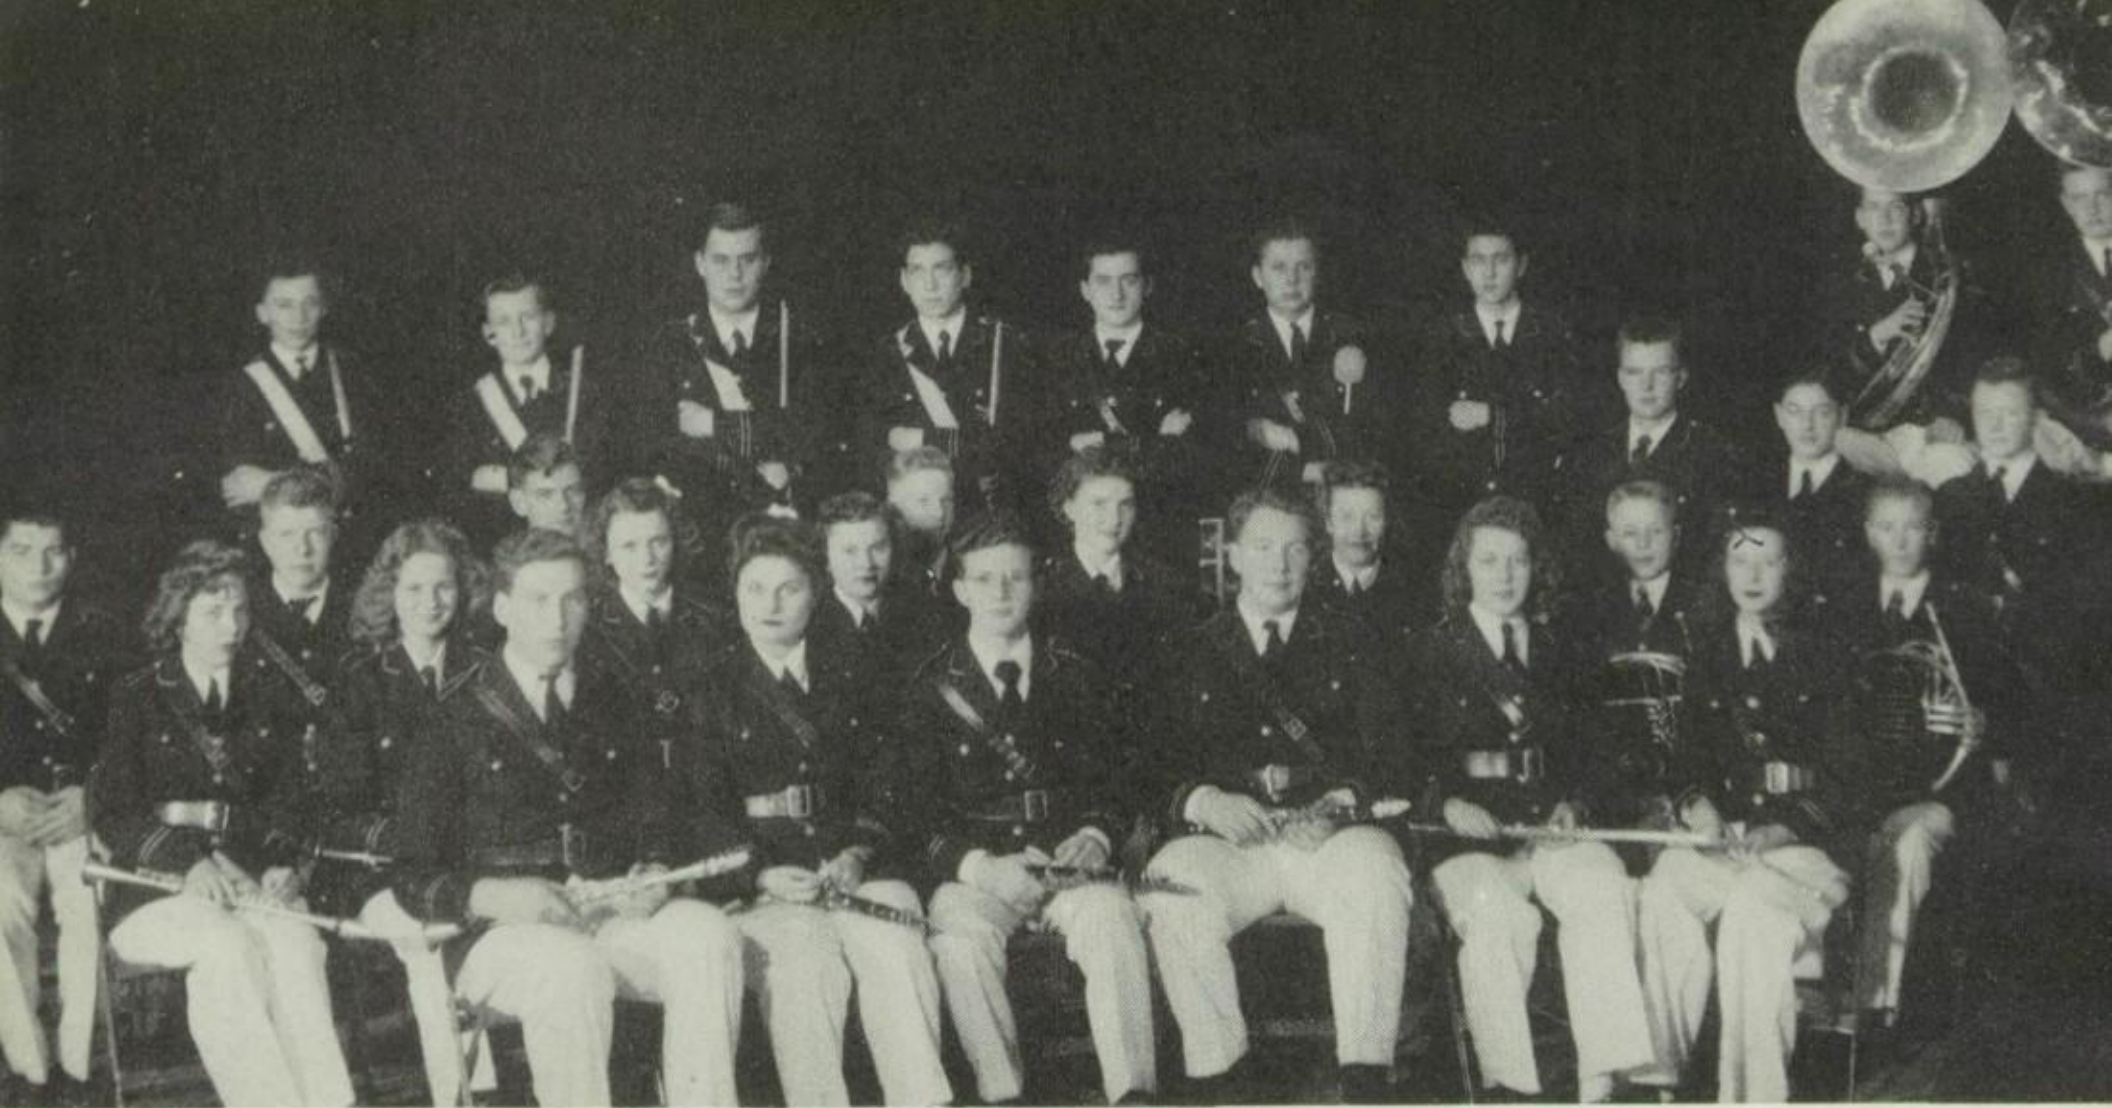

We've had some nice conversations in here and it's been fun. Am also glad you stuck it, but in pledging the good old 'Eldid' cause we all think you're a pretty swell little gal. Keep up the good work and before you know it, you're senior year will be here. I'll bet you're living for that day, huh? Well, cutie, seeing as Strable's not in such a good humor today, perhaps we'd better cut that short. Any way, you know I think you're swell so we'll let it go like that. Bye now and be good.

Best of everything
Lucky
